So far as the Government are concerned, the grant is known as Grant-in-aid to "the Koppa Medical Fund", although for the sake of convenience of the Planting Community two branches of the fund have been established, one at Sollebile and one at Koppa.

Hence, when the un-official reference was received, the Deputy Commissioner and President of the District Board Kadur District was requested to state why the Koppa Branch of the Fund was excluded from his recommendation. He replied to say that the question of comtinuing the grant to the Koppa Branch would be considered on receipt of information from the Secretary of that Branch and from the District Medical Officer of the Kadur District. The latter officer, in his letter of the 24th March 1924 (No.2667) received in this office states that (1) the accommodation provided for the institution is unsuited; (2) the supply of drugs and instruments and furniture is inadequate and (3) that the institution is not as popular as it ought to be, and that he cannot recommend the continuance of the grant to it. The matter was considered by the District Board at their meeting held on the 9th April 1924 and the Board have accepted the recommendation of the District Medical Officer. Copies of the President's letter No.L.B.68 dated 10th April 1924 and of the Board's resolution, as also a copy of the District Medical Officer's letter are enclosed for reference.

The net result is that while the Board recommend the continuance of the grant of Rs.100/- to the Sollebile Fund, they accept the opinion of the District Medical Officer to discontinuing the grant to the Koppa Branch. It appears me that the defects in the Koppa Fund Dispensary, obse the District Medical Officer, at least the first two could not have been of very recent origin and must all along. I am asking the District Medical Offic countersigned the grant-in-aid bills till now and

he should think it necessary to discontinue the grant now. The defects pointed out by him are not remediable and it is possible that the Honorary Secretary will take necessary steps if he is made aware of the same.

In these circumstances I would recommend sanction to the continnance of the grant in aid to the Koppa and Sollebile Medical Funds for another year, full provision of Rs.200 per mensem therefor being retained in the Next Year's Budget. The District Medical Officer will be requested to point out the defects to the Honorary Secretary and have them removed as far as possible. Sufficient warning will be given to the Honorary Secretary and if things continue very unsatisfactory, the payment will be withheld by the District Medical Officer who will not countersign the Bills.

Letter No.68 (L.B. of 23-24). dated 18-4-24. from the President, Kadur District Board, to the Senior Surgeon.

"With reference to your letter No. C.1726-5, dated 1-4-24 and in continuation of this office letter letter No.68(23-24) dated 7-3-24, in the matter of the continuance of the grant-in-aid to the Koppa Medical Fund, I have the honor to state that the District Medical Officer who was requested to furnish his opinion after inspecting the Dispensary stated in his letter No.7667, dated 24-3-24, that the accommodation provided for the dispensary was unsuited for the purpose, the supply of instruments, drugs and furniture were inadequate and the institution was not as popular as it ought to be and that therefore he could not recommend the continuance of the grant from 1st August last.

"The matter was discussed by the District Board at their meeting held on the 9th instant and they resolved that the opinion of the District Medical Officer may, in the circumstances, be accepted.

"A copy of their Resolution with that of the District Medical Officer's letter referred to is forwarded herewith for your information."
